

SIGHTING THE MOON

Night Before

YOU WILL NEED:

- **Paper Plate**
- **Scissors**
- **Glue or Tape**
- **Popsicle Stick**

INSTRUCTIONS:

1. Cut a large circle in the centre of your paper plate. Leave a border wide enough to fit the photos and labels.
2. Cut each phase and paste into its correct position around the paper plate.
3. Tape or glue the popsicle stick onto the back of your plate as a handle.
4. Take your Moon Viewer outside and look for the moon. Do you see it?
5. What phase is it in? If it is in Waxing Crescent, Ramadan begins tomorrow!
